

1. Registration

2. Change language in Profile

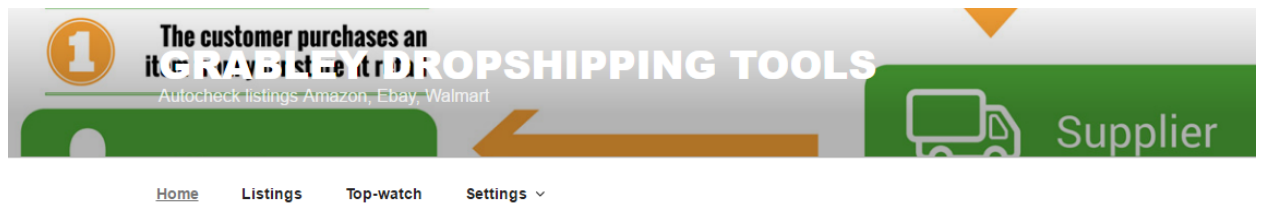

3. Select language for change

This is a screenshot of a user profile settings form. It includes fields for 'Дата регистрации:' (2016-12-30 13:43:52), 'Язык:' (Language), 'Имя:' (Name), and 'Фамилия:' (Surname). The 'Язык:' dropdown menu is open, showing options: 'Как на сайте', 'Русский', and 'English'. A red arrow points to the 'English' option.

Select language

4. Add Market for autocheck you produc in Settings-Markets, or add custom Market for save link on your product (but without autocheck)

MARKETS

Select Market Name from list or Add custom Market

The screenshot shows the 'MARKETS' settings section. It has two columns: 'Market Name' and 'Fee (%)'. Under 'Market Name', there is a list box containing 'Amazon', 'Ebay', 'Walmart', 'Banggood', and 'Bonanza'. To the right, there is a text input field for 'Fee (%)' with the value '0' and a green 'Add' button. A red arrow points to the list box.

Select Market from list autocheck or add custom no autocheck

5. Set fee for Sale Market
